Achondroplasia with epicanthus in brothers; Taft 451
Adams, D. K.: Disseminated sclerosis 204
Addison's disease, with psychosis; Tillotson 325
Adson, A. W., and Ott, W. O.: Results of removal of spinal cord tumors ..*520
Aerocele, intracranial, following fractured skull; Horrax 84
Anhedonia; Myerson 682
Anopsia, permanent, quadrant, possibly due to migraine; Mulrenan 449
Anthrax, hemorrhagic meningo-encephalitis in; Shanks 698
Auditory sense of honey-bee; McIndoo 209
  zone, localization of tone scale within cortical auditory zone; Pfeifer ... 687
Ayer, J. B., and Foster, H. E.: Spinal fluid and blood in multiple sclerosis *31

Barker, L. F.: Exogenous causes of multiple sclerosis *47
Bartelmez, G. W.: Origin of otic and optic primordia 204
Bianchi's disease (demenzia afasica): Rossi 430
Black, D.: Motor nuclei of cerebral nerves in phylogeny 307
Blackfan, K. D.: Treatment of meningococcus meningitis 692
Blood chemistry, determination of sodium, potassium, calcium and magnesium in blood and spinal fluid of patients suffering from manic-depressive insanity; P. G. Weston and M. Q. Howard *179
  chemistry, comparative studies of blood and spinal fluid; Egerer-Seham and Nixon 688
  sugar, diagnostic value of blood sugar curves in neurology; S. I. Schwab. *401
  sugar tolerance in dementia praecox and other mental disorders; W. F. Lorenz *184
Bonfiglio, F.: Pathology of psychoses of senility 564
BOOK REVIEWS:
  An Essay on Physiology of Mind; F. X. Dercum 107
  Anisocoria on Looking Laterally (Reaction of Tournay); A. Noyer 339
  Defective, Delinquent and Insane, Relation of Focal Infections to Their Causation, Treatment and Prevention; H. A. Cotton 337
  Der Anethische Symptomenkomplex; Eine Studie zur Psychopathologie der Handlung; O. Albrecht 223
  Die Zergliederung des Psychischen Krankheitsbildes bei Arteriosklerosis-Cerebri; S. J. R. de Monchy 705
  L'Encéphalite Léthargique; P. Achard 107
  Epilepsie und Manisch-Depressives Irresein; H. Krisch 705
  Etudes Neurologiques; G. Guillain 588
  Instinct and the Unconscious; W. H. R. Rivers 587
  Katatonie Unter dem Bilde der Hysterie und Psychopathie; M. Urstein .. 704
  Maladies du Cervelet et de L'Isthme de L'Encephale (Pédonucle, Protubérance, Bulbe); H. Claude and Levy-Valensi 586
  Osservazioni Neurologiche su Lesioni del Sistema Nervoso da Traumi di Guerra; O. Rossi 224
  Psychiatrie du Médecin Praticien; M. Dide and P. Guiraud 585
  Psychoanalysis; Its Theories and Practical Application; A. A. Brill 453
  Psychology of Medicine; T. W. Mitchell 588
  Reaction du Benjoin Colloidal et les Reactions Colloidales du Liquide Cephalo-Rachidien; G. Guillain, G. Laroche and P. Lechelle 108
  Surgical and Mechanical Treatment of Peripheral Nerves; Stookey 584

PAGE

Ueber die Bedeutung und Enstehung der Stereotypen; J. Kläsi..... 586
Ueber die Entstehung der Negrischen Körperchen; L. Benedek and F. O. Porsche..... 223
Brain, anatomic study of faisceau de Türck in relation to temporal lobe; J. H. W. Rhein.....*608
cancer, histopathology of; G. B. Hassin and H. D. Singer.....*155
early development of cerebral hemispheres in amblystoma; Burr..... 208
field defects produced by temporal lobe lesions; Cushing..... 439
localization of function; localization of tone scale within cortical auditory zone in man; Pfeifer..... 687
Magnus and De Kleijn phenomena in brain lesions of man, a consideration of these and other forced attitudes in so-called decerebrate man; I. L. Meyers.....*383
myelinization in cerebral cortex; Hirako..... 679
pseudotumor syndrome dependent on acute swelling of brain; Urechia... 696
tumor, case of pseudotumor, with necropsy findings; Fairbanks..... 91
tumor, consideration of dermal versus epidermal cholesteatomas having their attachment in cerebral envelopes; G. Horrax.....*265
tumor, diagnosis of brain tumors by Bárány test, with reports of cases proved by operation or necropsy; Fisher.....85, 217
tumor, diffuse glia reactions; Pines..... 685
tumor of occipital lobe; Hammond and Lloyd..... 445
tumor, papilloma of fourth ventricle, report of a case; E. Sachs.....*379
tumor, roentgen-ray localization of gliomatous cyst by injection of air; Grant..... 331
tumor, treatment of; Dandy..... 79
tumor, ventricular radiography in diagnosis of brain tumors; Dandy.... 570
tumor, ventriculograms in localization of intracranial lesions: 3 cases of obstructive hydrocephalus and 1 of brain tumor; Towne..... 701
visual defects caused by occipital lobe lesions; report of 13 cases; H. W. Scarlett and S. D. Ingham.....*225
Brock, S., and Margaretten, I.: Pyramidal and extrapyramidal system involvement in encephalitis.....*660
and Wechsler, I. S.: Dystonia musculorum deformans with especial reference to myostatic form and occurrence of decerebrate rigidity phenomena *538

Burr, H. S.: Early development of cerebral hemispheres..... 208
Busacca, A.: Efferent pathways of eminentia quadrigemina..... 198
Buzzard, E. F.: Mental hygiene..... 681
Bychowski, Z.: Disturbances of sleep following encephalitis..... 441

Calvé, J.: New treatment of severe paraplegia in Pott's disease..... 682
Carver, A.: Epilepsy from psychological standpoint..... 207
Cassirer, R.: Torticollis and torsion spasm..... 78
Cauda equina, diagnosis of tumors of cauda equina, conus and epiconus medullaris; Parker 691
Cerebellum abscess, bilateral, with no localizing symptoms; Sparr..... 689
Cerebrospinal fluid, comparative studies in chemistry of blood and; Egerer-Seham and Nixon.....688
comparative study of 3 colloidal reactions on; Riddel and Stewart..... 206
determination of sodium, potassium, calcium and magnesium in blood and spinal fluid of patients suffering from manic-depressive insanity; P. G. Weston and M. Q. Howard.....*179
in jaundice; Mella..... 329
influence of head and body posture on spinal fluid pressure; Zylberlast-Zand 698
Cheney, G. W. H.: Tuberculous meningitis with a dry spinal subarachnoid space due to diffuse tubercle infiltration of spinal meninges..... 701

PAGE

Choked disk, decompression for; B. Sachs.....*515
Cholesteatoma, dermal versus epidermal cholesteatomas having their attachment in cerebral envelopes; G. Horrax.....*265
Chorea minor, etiology and pathology; Schroeder..... 694
Clark, L. P.: Essential epilepsy..... 319
Cobb, S.: Electromyographic studies of paralysis agitans.....*247
Coenen, L.: Concerning inferior olive..... 691
Cole, H. N.: Treatment of syphilis by mercury inhalations..... 700
Cooke, J. V.: Incidence of hereditary syphilis..... 698
Corpus callosum, tumor of splenium of corpus callosum; Guillain.....203, 695
Cranium, hyperostoses produced by meningeal endotheliomas; H. Cushing.*139
Cushing, H.: Cranial hyperostoses produced by meningeal endotheliomas..*139
Field defects produced by temporal lobe lesions..... 439

Dandy, W. E.: Treatment of brain tumors..... 79
Ventricular radiography in diagnosis of brain tumors..... 570
Davenport, C. B.: Multiple sclerosis, geographic distribution and race.... *51
Davis, G. G.: Fractures of transverse processes of lumbar vertebrae..... 86
Davis, T. K.: An endocrinal factor in general paresis..... 693
Hyslop, G. H., and Kennedy, F.: Symptomatology of encephalitis..... *40
Decerebrate rigidity and occurrence of tonic fits; Wilson..... 553
dystonia musculorum deformans, with reference to myostatic form and occurrence of decerebrate rigidity phenomena; I. S. Wechsler and S. Brock *538
Dementia (demenzia afasica, Bianchi's disease); a clinical study; Rossi.. 430
Dementia praecox, anatomic studies of viscera in; Witte..... 694
and syphilis; Greene..... 90
metabolism studies in dementia praecox and manic-depressive insanity; glycemic reaction to intramuscular administration of epinephrin; T. Raphael and J. P. Parsons.....*172
pathological studies in dementia praecox, especially in relation to interstitial cells of Leydig; Mott and Prados y Such..... 437
social significance of; Furbush..... 89
sugar tolerance in; W. F. Lorenz.....*184
Doebeli, H.: Study of sensation..... 433
Dunlap, C. B.: Spirochetes in general paralysis.....*589
Dyspituitarism: See Pituitary
Dysthyroidism: See under Thyroid
Dystonia musculorum deformans, with reference to myostatic form and occurrence of decerebrate rigidity phenomena; I. S. Wechsler and S. Brock *538
Dystrophy, muscular, pathologic findings in heart in; Globus..... 308

Egerer-Seham, G.: Chemistry of blood and spinal fluid..... 688
Elsberg, C. A., and Stookey, B.: Mechanical effects of tumors of spinal cord *502
Eminentia quadrigemina in dogs, efferent pathways of; Busacca..... 198
Encephalitis, chronic, epidemic; report of a case: clinical record, complete necropsy and detailed histologic study of central nervous system; W. F. Schaller and J. Oliver..... *1
clinical characteristics of muscular twitchings in epidemic encephalitis; Krebs 306
contagiousness of epidemic encephalitis; Stiefler..... 694
disturbances of respiratory rhythm in children, a sequela to epidemic encephalitis; H. L. Parker.....*630
epidemic (lethargic) encephalitis, cultural and experimental studies; W. Thalhimer *286
exhibiting hyperthyroid symptoms and later paralysis agitans syndrome; Leavitt 332
general consideration (morphology and pathogenesis); von Monakow.. 299
hypophyseal obesity as a residual symptom in; Stiefler..... 701

PAGE

intention tremor after encephalitis apparently not of epidemic type; Patrick 100
pathogenesis of disturbances of sleep following encephalitis lethargica; Bychowski 441
postencephalitic deformities of motion, a lecture illustrated by motion pictures; S. P. Goodhart.....*652
postencephalitic mental disorder; Neymann..... 582
pyramidal and extrapyramidal system involvement in epidemic encephalitis; S. Brock and I. Margaretten.....*660
semeiology of involuntary rhythmic movements in epidemic encephalitis; Krebs 305
sequelae of epidemic (lethargic) encephalitis; House..... 440
subacute epidemic (lethargic) encephalitis; J. H. Globus and I. Strauss.*122
sugar content of blood and spinal fluid in epidemic encephalitis; W. Thalhimer and H. Updegraff..... *15
symptomatology of epidemic encephalitis; F. Kennedy, T. K. Davis and G. H. Hyslop..... *40
unusual rigidity following lethargic encephalitis; Patrick..... 101
Endothelioma, cranial hyperostoses produced by; H. Cushing.....*139
Epicanthus, achondroplasia with epicanthus in brothers; Taft..... 451
Epilepsy, desensitization as a method of treatment in; Miller..... 581
essential, nature of; Clark..... 319
from psychological standpoint; Carver..... 207
occurrence of static seizures in epilepsy; Hunt..... 315
results of 50 decompressions for; Volland..... 442
Epinephrin, chemistry of; Whitehorn..... 323
